ET Docket # 13-84

Received & Inspected
SEP 06 2013
FCC Mail Room

To the FCC:

My name is Robert Sternberg. I am writing in regard to the FCC's radiation levels.

Ever since cellular antennas were installed right above my top floor apartment, I have been experiencing head aches, memory problems & cognitive issues at certain times.

I moved to a building with no antennas, but I still feel residual problems as these signals are present & proliferated everywhere for the cell phones to work. I can't get away from it.

I believe that a safe level has not been determined & I am therefore opposed to raising the levels. I would, and many others with similar issues, would be safer & healthier by lowering the levels.

Thank you.
