Address	P O Box 700013	**City**	Wabasso
		State	FL
ZIP	32970		

Brief Comment

In 2011 I was seriously injured by the EMF radiation emitted by the Smart Grid. I was forced to leave my home. I lost everything. My husband and cat stayed, and both of them died from the EMF radiation. I filed a federal action for an injunction against the Smart Grid based upon constitutional violations and physical harm. The case is still pending in the courts. Since 2011 five friends have died from EMF radiation resulting in cancer or heart disease. I do not consent to any EMF exposure. The FCC has no authority to violate my constitutional and human right to be free from EMF radiation in my home, my community, and my body. There are numerous scientific studies which show that EMF radiation is harmful to humans, wildlife, and the environment. Other filers have already submitted these documents. The FCC has no authority to continue to kill and injure people.
