I, the undersigned, Dr Dominique TRIPODI, hospital physician and accredited specialist in Occupational and Environmental Medicine, certify that I examined, at her request, on 23 November 2021, Ms Caroline, born on [REDACTED], residing at [REDACTED].

After reviewing her medical records, previous medical history, supporting documents, and the questionnaire from the “European Study on Electromagnetic Field Hypersensitivity”, Ms Caroline presents with electromagnetic field hypersensitivity [REDACTED].

Secrétariat :
Marie-Line ROGER
☎ 02 40 08 36 35
📠 02 40 08 36 34

This condition was reported today to the National Network for the Monitoring and Prevention of Occupational Diseases, coordinated by ANSES.

We confirmed today that no treatment can be offered. We recommend avoidance and/or maintaining distance from exposure sources, which may reduce symptoms. We also reiterated that IARC has classified electromagnetic fields in Group 2B.

Issued in Nantes, 5 September 2023

Dr Dominique TRIPODI

Certificate issued at the request of the patient for all legal purposes.
