NO ONE DOES MORE FOR VET

Dear Robin
3:20
Please thought I was cr
when I started sending ou
gifts to patriotic American
9:53 PM
But I believed good hea
folks like you would come t
for veterans. And you did.
you for your recent donatio
VFW

If you can, please cont
support the VFW's life-cha
programs and services. Ple
also remember to honor Am
heroes by displaying the Un
States flag. Thank you ag
your generosity.

FOR VETERANS,

Dan West
Adjutant General

035 noise. loud all TV's on
459 AM still going

continuous, high-pitched mechanical whine and electrical buzz. This acoustic noise peaks heavily during the early morning nighttime quiet hours, specifically between 3:00 AM and 6:00 AM.

The acoustic noise penetrates the walls of my home and causes severe physical distress. It completely disrupts our sleep causes my domestic animals to cry in distress, and heavily impacts my household where I am the primary caregiver for my elderly husband who suffers from advanced Parkinsons disease and leukemia

Per Riverside County Ordinance No 847, this commercial mechanical noise is a clear violation of residential quiet hours. Because this is a structural, mechanical equipment issue and a public nuisance, falls squarely under County jurisdiction

I am requesting that a Code Enforcement officer or a Sheriff's deputy be dispatch to investigate this equipment malfunction conduct a decibel reading during the active early morning hours, and issue a formal Notice of Violation to the
