## Summary of Information

There are two victims discovered during the analysis, Colette Cowles along with her dog Emily Cowles. The weapon systems that are attacking both Emily Cowles and Colette Cowles are coming from three different avenues. The first avenue is through aerial units and using an airplane. The second aspect is through a boat which was being scheduled and connected. The third avenue is through lipid nanotechnology. The main weapon from the systems that was used were LASER (Light Amplification by Stimulated Emission of Radiation) technology. Michaela's group was connecting and affecting the bowels of Emily Cowles.
